

Technical Skills

- **Languages** : Java, C, Python, HTML5, CSS, PHP
- **Frameworks** : Bootstrap5, Java 8/11, MERN Stack
- **Database** : MySQL, Oracle Sql
- **Developer Tools** : Visual Studio, Netbeans Apache, Colab, Jupyter
- **Designing Tools** : Figma, Canva
- **Web/Operating System** : Windows
- **Technical Proficiencies** : Data Structure, Object Oriented Programming, Database Management
- **Soft Skills** : Leadership, Problem-solving, Collaborative

Education

Bachelor Of Engineering in Computer Science

Velammal College Of Engineering and Technology (Anna University)

Madurai
2022 - Present

- **Current CGPA** : 8.5 (upto 6th semester)

Higher Secondary Certificate (HSC)

Al-Hilal Matriculation Higher Secondary School

Thondi
2020 - 2021

- **Percentage** : 93

Secondary School Leaving Certificate (SSLC)

Al-Hilal Matriculation Higher Secondary School

Thondi
2018 - 2019

- **Percentage** : 92

Academic Projects

Predictive Maintenance of Aircraft Engines Using Machine Learning

Aug 2025

- Built a machine learning system using NASA CMAPSS dataset to predict engine failures and estimate Remaining Useful Life (RUL) with a real-time sensor data web interface.

Financial Tracker App (MERN Stack)

Feb 2025- Mar 2025

- Built a women-centric financial tracker with investment analysis, expense tracking, SIP/EMI calculators, and gamified education, ensuring data privacy, accessibility, and predictive analytics (Infosys Springboard Hackathon).

Instagram Clone

Jun 2024 - July 2024

- Designed an entertainment platform UI/UX with features like music & movie streaming, playlists, and smart discovery, focused on an intuitive and visually engaging user experience.

Internships

Newrta Solutions Private Limited (Chella Softwares) , Madurai

Oct 2024 - May 2025

- **Raise-My-Voice – Workplace Harassment Reporting Platform** – Designed and developed a secure platform for working women to file harassment complaints, enabling multi-committee login, case tracking, and action management for effective resolution.

IEEE Publication

Agri Voice – Voice-Based Direct Marketing (Twilio, Google Speech API, Firebase)

- Developed an IVR solution for rural farmers enabling internet-free voice access, achieving 95% accuracy, 75% adoption, and 30% profit growth.

Multi-Model Deepfake Detection (Deepfake, 3-D CNN, LSTM)

- An AI Framework for Cross-Verification of Image, Audio, and Video Consistency

Certifications and Awards

- Participated in **SKILL-A-THON 2022** offered by **ICT Academy** and gained knowledge on Robotics and Database.
- Participated **CodeKaze 2023** and secures **AIR-29803** among 10 lakhs participant.
- Attended workshop on **Artificial Intelligence and Machine** at **IIT Madras**
- Completed **Software Engineering and Agile Development** course during **Pragati'24** offered by Infosys Springboot.
- Completed **TCS iON Career Edge -Young Professional Cerification** offered Tata Consultancy Service.
- Completed **Introduction to AI** certification by **Infosys Springboard**.
- Completed **Foundation of UI/UX Design** certification by **Coursera**.
